

Ferrule T-LOC Talurit®

Product information

T-LOC is designed for rotation resistant wire rope of grade 2160 together with T ferrules, especially in combination with solid thimble eyes. When using high tensile wire rope of grade 2160, T-LOC will secure the special sling eye which has a higher splitting force than normal. Since T-LOC is produced from carbon steel and has a better tensile strength than aluminium. [... Read more](#)

Material: Carbon steel

Marking: According to standard

Standard: EN 13411-3
