

ROPETEX Heavy Duty Lube 70

Product information

ROPETEX

Ropetex Heavy Duty Lube 70 is a medium thixotropic gel lubricant with stable properties over a wide temperature range. It offers excellent corrosion protection against marine working conditions. Heavy Duty Lube 70 is formulated for long life on static or dynamic ropes in highly aggressive environments. Additionally, it has a good wash-off performance.

Typical applications: Offshore cranes, standing rigging, mooring ropes; tower ropes, outdoor winches.

Application methods: High pressure equipment or brushing

Minimum application temperature: -20°C

Color/texture: Glossy black gel.

NLGI Grade: NLG10

Hot salt spray test: 720 hours

4-ball weld load: > 180 kgf

Available in 12,5 kg pail.

Extra:

Do not forget to download the white paper with a lot of useful information about wire rope lubricants. It is free! (see 'downloads' at the bottom of this page).

Temperature range: -40°C up to +70°C
