

Elevator

Trulift 8S

Product information

Higher strength
Lower stretch
Uniform diameter
Good diameter retention
Improved fatigue performance

Tolerance more than 10 mm: 0% - +5%

Tolerance less than 10 mm: 0% - +6%

Features: High quality steel core lift rope

Material: High Carbon Steel

Marking: According to standard, On Termination ID and CE mark

Finish: Ungalvanised

Standard: EN 12385-5

Fill factor: 0.59
