

Harness IGNITE ARGON Skylotec

Product information

A solid safety harness for rope access that impresses through many improvements in ergonomics and usability with very high wearing comfort. In developing this special safety harness in V-design, great importance was attached to ergonomic adjustments and optimum freedom of movement. The extremely flexible leg joint is a major contributor to this achievement. The retaining eyelets adapted to the body shape cling perfectly to the hip in folded and unfolded state. In addition, the anatomically shaped leg and hip padding ensures that no pressure points develop when sitting in the safety harness even during long working days. This makes the IGNITE ARGON a true comfort miracle. Can be hand washed up to 40°C.

Perfectly adjustable safety harness for rope access:

- Anatomically shaped padding for maximum wearing comfort
- Chest eyelet for belay, but also for rescue
- Optimal freedom of movement without pressure points

Anchoring: Dorsal, sternal, pole strap, seat

Material: Polyester, Aluminium, Steel

Marking: According to standard, CE-marked, Supplier symbol, product id, size/length, production date, reference no, serial no.

Temperature range: -35°C up to +45°C.

Standard: EN 358, EN 361, EN 813
