

Mobile port crane

Offshore crane

Piling crane

Casar Powerplast

Product information

Applications:

Has a high breaking load and a good resistance against drum crushing. Hoist rope for deck cranes and offshore cranes, pull-in-riser and other applications in the marine environment, where rotation resistant-ropes are required.

Properties:

- Rotation resistant wire rope with very high breaking strength
- · Very good fatigue properties
- Very high resistance against flattening and wear.
- Especially suitable for multiple layer spooling.
- A plastic layer between inner and outer strands protects against inner wear and protects the core from corrosion.

Discard criteria:

ISO 4309 Rope Category No: 10-60mm RCN.23-3

Rope construction: Rotation resistant wire rope with compacted inner and outer strands, plastic layer between the inner and outer

strands.

Marking: According to standard

Standard: EN 12385-4

Fill factor: 0.73 RCN: 23-3
